I will ask Jean for Steeger. However, let's not move it out a lot. June 5<sup>th</sup> sounds good to me.

Hi Sujatha,

When should I move the branch review to? If I move it two weeks out to June 14, it doesn't make sense because Frank is out for the next couple of weeks. Should I move branch review to July 5? Or June 7 so it isn't so dramatic? Rebecca knows Frank probably won't be able to review the doc before his vacation. Another option is to ask Jean if Tom Steeger can review the document since Frank is reviewing so many documents for ERB4...

Thank you,  
Greg

Greg

I spoke with Aja also. Can you please move the cyantra timelines out so Rebecca is not as stressed. Please just indicate that we are moving the timeline as Aja was sick this week. We will chat soon on this. Thank you.

The biweekly looks good. Thank you.

Hi Sujatha,

Please review the draft ERB1 biweekly below. I talked to A'ja about the cyantraniliprole assessment and she thinks it's on track for Tuesday. I'm not positive of that. I also removed the 2,4-D action items because their schedules are constantly in flux.

Thank you,  
Greg

Week at a Glance - Week of 5/23/22			
Week at a Glance	Milestones	Chemical Meetings / Seminars / Trainings	Out of Office
